

## ELECTRIC TUMBLE DRYER, 18 KG - THREE-PHASE GDZ 450E

Ref: 0911.12.082A  
Magnus

Second temperature probe, as standard.

Control of real drum rotation by sensors (aluminum coated drum).

Redundant security: on drum opening, on the inspection filter panel, on the exhaust temperature.

Drum door opening 180°: easy loading and unloading process placing a trolley against the machine.

Easy and quick maintenance: ergonomic position of internal components easy to be reached.

Up to 10 drying programs, to manage manually and optimize consumptions. Times and temperatures automatically managed.

Electronic control G-Wiz® : 10 possibility to create and customize drying programs.

Big air flow.

Extremely silent

Exhaust air filtered by inox filter.

Inox filter, as standard

Thermal insulation: 25 mm ceramic fiber to assure low heating power and low exhaust air temperature.

Self-Service program, as standard.

### FEATURES

|                                      |                       |
|--------------------------------------|-----------------------|
| Capacity load (1:25); (1:20); (1:18) | 18 kg; 22.5 kg; 25 kg |
| Capacity drum                        | 450 l - Ø 940x640 mm  |
| Door                                 | Ø 612 mm              |
| Drum rotation                        | 40                    |
| Noise                                | < 55 dB               |
| Dimensions (WDH)                     | 970x990x1810 mm       |

|                                   |                            |
|-----------------------------------|----------------------------|
| Weight net                        | 277 kg                     |
| Weight gross                      | 292 kg                     |
| Control - G-WIZ                   | Yes                        |
| Drum/vacuum motor - Power         | 1.1 kW                     |
| Power supply                      | 380 - 415 V 3 N ~ 50/60 Hz |
| Washing machines - ideal with     | GWH180                     |
| Heating power - Electric standard | 15 + 15 kW                 |
| Consumption electric energy       | 12.6 kW/h                  |
| Consumption of evaporation        | 12.55 l/h                  |
| Gross weight                      | 292 kg                     |
