So automatic that customers can do it all by themselves: pay, pour the juice and enjoy it.

Payment by card, whatever type it is, so that no one is left without their juice. Nayax payment system with 4 types of payment options: magnetic stripe, chip, MIFARE or contactless. And for those who prefer to leave their cards at home and pay only with their phones, Apple Pay, Samsung Pay, Google Pay... are also available.

If you are worried about someone not knowing how to use it, don't worry. Versatile Pro will explain the 3 steps to follow, and assist the user in the process — so that no one gets lost in the process.

It will also let you know when the juicer needs to be cleaned and the waste emptied. It is that smart, it detects if the cover or juice container is opened, it counts the oranges so you can program how many it juices in each service, it has a password for the operator... and allows modules to extract even more usage data.

Perfect for offering freshly-squeezed juice in self-service areas, offices or coworking spaces.
